[2.9] Elements of Green Building Implementation as Reflected in All Construction and Renovation Policies

1

2

green roof (Gebze Technical University)

3

middle garden with or without a glass roof (Gebze Technical University)

Example of elements of green building implementation as reflected in all construction and renovation policies in Gebze Technical University

Description:

- 1-There is a small building that is used as a control unit on the campus, this building has a green roof as shown in the picture.
- 2-The newly constructed amphi building also has a green roof plan, it will finish this year and will be in use for lecturing.
- 3-New buildings of the university have a middle garden with or without a glass roof. These open areas in the middle of the buildings get more sunlight so that electricity usage for the lighting of halls is reduced.
