Example of Security and safety facilities on GTU campus

Description:

- 1) Fire hydrants are located every 150 meters on the campus
- 2) The emergency plan provides a visual representation of the university's infrastructure, including the locations of fire cabinets in the buildings, security checkpoints, and automatic sprinkler systems, among other details.
- 3) Except for the protocol entrance, there are two more entrances on the campus and these entrances are monitored by 4 cameras CCTV.
