[3.11] Toxic Waste Treatment

5

toxic waste intermediate landfill

Example of Toxic Waste Treatment in Gebze Technical University

Description:

There is a group responsible for the management of toxic waste within the campus. In addition, a person responsible for toxic waste is assigned to each department.

1-3 Toxic Waste treatment in GTU is in collaboration with Chimeric Avrasya Company. All the solvent waste from laboratories is collected in closed containers, which the company collects for treatment. The University also has a waste storage field away from the campus center and the departments' buildings.

4. Medical waste collection boxes.

5. Toxic wastes within the campus are kept in the intermediate storage area until they are sent to the facility.
