[3.1] Recycling Program for University Waste

5

Example of Recycling Program for University Waste (Gebze Technical University)

Description:

There is a group created for zero waste on the Gebze Technical University campus. In addition, there is a person responsible for zero waste in each department.

GTU is in collaboration with Gebze Municipality for the collection of recycled waste (paper, plastics, glass). All the waste suitable for recycling is placed in separate containers as seen in the pictures. Each year, a zero waste festival or zero waste day is held on to increase awareness of recycling and reducing waste production.
