- paper, cardboard	450				
- soft plastic	50				
- hard plastic					
- mixed packaging	150				

Description:

Additional evidence link (i.e., for videos, more images, or other files that are not included in this file):

The screenshot shows the SIFIR ATIK BİLGİ SİSTEMİ (Zero Waste Information System) interface. The interface is in Turkish and includes a search bar with filters for location (Kocaeli, Gebze) and waste type (Atık Getirme Merk). A map displays the location of the 'Üçüncü Sınıf Atık Getirme Merkezi' (Third-Class Waste Collection Center) at Gebze Technical University. The map includes a popup with coordinates and contact information for the center.

Zero Waste Information System. Kocaeli Municipality regularly collects waste from universities under the education institutions category and keeps records of this in the system. It reports when necessary.
