### [1] Setting and Infrastructure (SI)

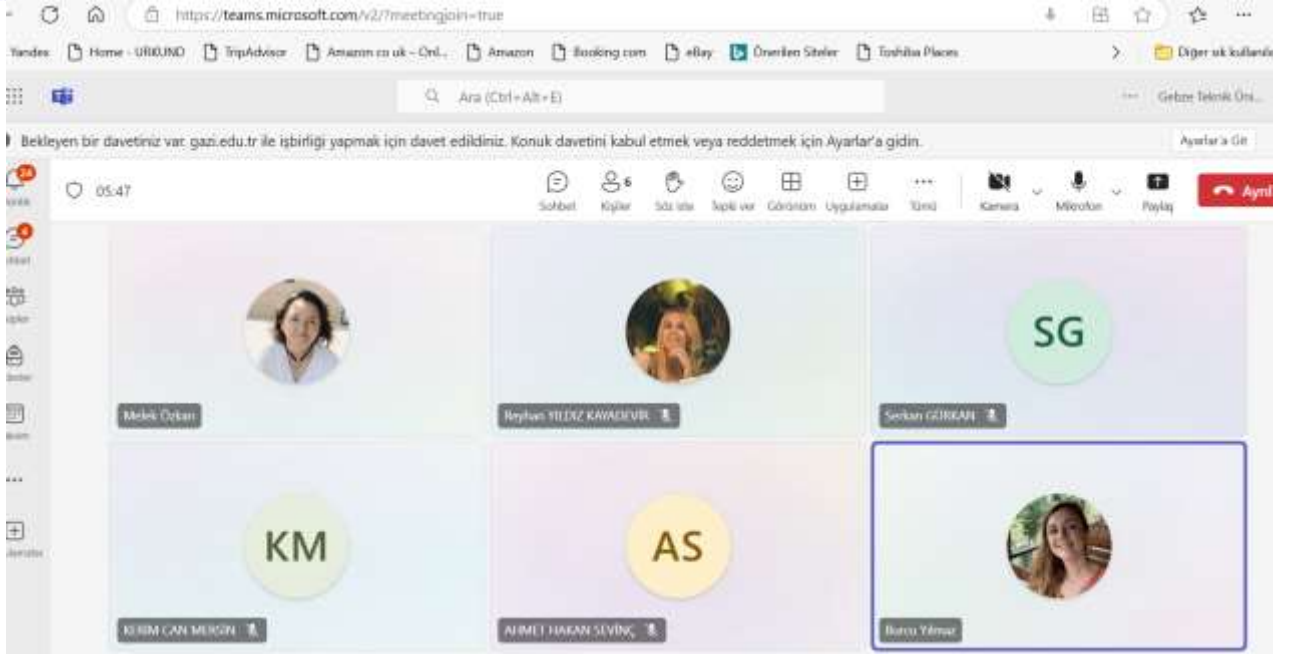

#### [1.24] Planning, implementation, monitoring and/or evaluation of all programs related to Setting and Infrastructure through the utilization of Information and Communication Technology (ICT)

Stage	Activities/Programs	ICT Utilization	Evidence	Timeline	Responsible Team/Department
Planning	Development of a digital campus master plan	Use of project management software and digital collaboration tools for planning and coordination	Project proposals, meetings	June 2023 - May 2024	Data & Digital Transformation Coordinatorship and Sustainability Office Coordinatorship

#### Description:

#### Planning: Development of a digital campus master plan

- **Activities/Programs:** Meetings are being held on for implementation of smart campus software applications which aim to develop a digital master plan for the GTU campus. We determine requirements of the University, and create plans for integrating ICT throughout the campus infrastructure. The recently created Coordinator of the Data and Digital Transformation Office handles these activities and meetings.
- **ICT Utilization:** Project management software and digital collaboration are used to coordinate planning activities and discussions using Microsoft Teams.
- **Evidence:** Smart campus implantation meetings of screen chat

- 
- **Timeline:** June 2023 - May 2024
- **Responsible Team/Department:** Data & Digital Transformation Coordinator and Sustainability Office Coordinatorship
